Aviation Security Culture Awareness

Understand everyday behaviours that contribute to a shared security culture in aviation organisations.

Topics and objectives

- Individual responsibility and security culture
- Recognising vulnerabilities and suspicious behaviour
- Insider threats and social engineering awareness
- Information protection and access control
- Reporting and response under organisational procedures

What the pathway supports

- Recognise issues in the working environment
- Identify appropriate reporting channels
- Connect behaviour to the organisation’s framework

Who is it for?

Learners and teams seeking to strengthen security awareness.

Our approach

1. Define needs and the starting point.
2. Build suitable learning or work activities.
3. Review progress and organise next steps.

Scope and arrangements

General awareness. This is not a certifying AVSEC qualification, a screening authorisation or a substitute for role-specific approved training.
