Business Consulting

Turn an organisational need into a practical action plan.

Service scope

- Needs assessment and operational diagnosis
- Review of workflows and responsibilities
- Project scoping and implementation planning
- Coordination of improvement initiatives
- Support for organisational and training development

Possible outputs

- Diagnostic summary
- Prioritised recommendations
- Action plan and progress review

Who is it for?

Businesses, institutions, associations and teams in aviation and other sectors.

Our approach

1. Initial discussion and priority setting.
2. Proposal: scope, deliverables and timetable.
3. Delivery, review and handover of outputs.

Scope and arrangements

A mission can focus on a specific process, a new activity or a broader improvement project. We work with your team to define priorities, responsibilities and realistic next steps.
