IN PREPARATION - COMING SOON

PPL(A) Albania - Online English programme

Explore the English-language online learning programme for private-pilot theory in Albania. Work through the core subjects in a structured order and use aviation scenarios to connect the knowledge areas.

Topics and objectives

- Air law and ATC procedures
- Human performance
- Meteorology
- Communications and navigation
- Flight performance and planning
- Aircraft general knowledge
- Principles of flight
- Operational procedures

What the pathway supports

- An overview of planned subjects
- A basis to discuss a suitable pathway
- Current information before enrolment

Who is it for?

Learners and professionals interested in this area; prerequisites and entry pathway to be defined.

Our approach

1. Define needs and the starting point.
2. Build suitable learning or work activities.
3. Review progress and organise next steps.

Scope and arrangements

The online materials are in preparation. Separately, the Albanian Civil Aviation Authority record lists ALBANIA AEROSKY as AL.DTO.002 for PPL(A) theoretical training. Ask the team about current classroom arrangements, intakes and the separate official examination route.
