Tailored Training

Develop learning around your people, their work and your objectives.

Service scope

- Training needs analysis and audience definition
- Learning objectives and programme design
- Creation of learning materials and practical activities
- Classroom, online or blended delivery planning
- Knowledge checks and evaluation of the learning experience

Possible outputs

- Training plan and learning objectives
- Agreed materials and activities
- Evaluation tools and handover arrangements

Who is it for?

Businesses, institutions, associations and teams in aviation and other sectors.

Our approach

1. Initial discussion and priority setting.
2. Proposal: scope, deliverables and timetable.
3. Delivery, review and handover of outputs.

Scope and arrangements

Programmes can address aviation or other professional sectors, subject to the expertise and delivery arrangements agreed for the project. Language, duration, prerequisites and assessment methods are specified in the proposal. Any regulated recognition must be confirmed separately for the named programme and provider.
